

# Chanda Parkinson

*Chanda heard and felt the presence of spirits and knew things before they would happen from a young age. The desire to assist others in their own personal growth and spiritual transformation drives Chanda in her practice as a Psychic Medium and Spiritual Coach. You can count on Chanda to facilitate your personal healing journey, and to serve you as a change agent assisting you in creating powerful beginnings for yourself. Her gift is in helping you open up to more of who you are as a spirit, healing the past and inspiring you to reach to new heights of self-discovery.*

*At the beginning of your session, she will see images and be given information for your path. Then you are permitted to ask questions. She receives information from a variety of sources, one of them being your loved ones crossed over. At the end of the session, if any specific loved ones appear, she will describe who she's sensing and hearing and forward their message of hope and love. If you are open to receiving clear and practical guidance for your life's path, you will have a powerful session.*

*As a Past Life Regression Counselor, Chanda leads you through a hypnosis to connect with one complete lifetime from your deep past. You will have the opportunity to experience what needs experiencing, understand details about that lifetime including who you were, where you lived, and significant events that transpired. Then you will be led through a complete healing and release creating a strong sense of closure and peace around that particular lifetime.*
